

TWP Age Group Club Subs Policy

Current as at January 2023

TAURANGA WATER POLO CLUB SUBS POLICY CLUB MEMBERSHIP & TRAINING FEES

Tauranga Water Polo relies on player fees to pay for pool hire, coaches, insurance and other club operating costs. The fees are set by the Club Committee each year and will be communicated to members via the club website, our age group coordinators at musters and the online registration process.

Online Registration is via the club's website –
<https://taurangawaterpolo.co.nz/register>

- Club membership and NZWP fees will be invoiced on registration.
- Training fees will be invoiced at the beginning of every term that there is training for the Age Group for which the player is registered, each age group typically trains for 1.5 terms, except U12's who train all year round.
- New members to the club are invited to participate in 2 training sessions prior to registration. On the 3rd session, the player must register and will be invoiced.
- Unregistered players cannot train and will not be considered for team selection.
- If a player trains for more than one Age Group, they will only be invoiced for their natural age groups fees. U12s will be invoiced annual fee and any term training fees.

TOURNAMENT FEES

All players selected to play at a tournament will be invoiced separately and in addition to membership/training fees.

- Away tournaments where teams require accommodation are likely to cost between \$500 – \$750 per player. Tournaments held in the South Island will also require flights which are not covered in these cost estimates.
Tournaments that do not require accommodation are likely to cost between \$200 – \$250. These costs are very approximate and are to give our families an early estimate of what might be involved. This is because cost can vary depending on tournament location and whether funding grant applications are successful or not.
- Upon naming of the tournament team, a deposit will be payable (\$250 for tournaments requiring Tauranga Water Polo to make non-refundable commitments such as accommodation or payment of tournament entry fees). If a player subsequently withdraws from the team, the deposit is non-refundable unless with the committee's discretion.

- A tournament budget will be prepared and available on request (which should be within the expected costs shown above). Prior to the tournament, the player will be invoiced the remaining amount based on the budget less any deposit, which must be fully paid or a payment arrangement made with the treasurer, at least two weeks prior to the start of the tournament.
- After the tournament, a “wash up” (where the final costs were either greater or lesser than budgeted) will be invoiced or credited to the players account.
